Charles F. Vogelius, John A. Croughan, Frank H. Baker, and Frederick N. Moffatt were delegates from thic town to the Democratic State Convention in Trenton on Thursday. The weather in India, according to

recent reports, is promising for the crops. Rain has fallen in all the famine tracts and the winter sowings are practically assured. The number of persons now receiving relief is under 4,000,000. an encouraging reduction.

John Holmes, eldest son of James M. Holmes, and a well-known young Bloomfielder, died at his home in Spruce Street early yesterday morning after a lingering illness. Tuberculosis was the cause

Chief B. F. Higgins, William L. Johnson, Louis B. Harrison, Herman Elchorn W. Bentley orby, and Hubert J. Ashley went to Ati otle City Menday to attend Firemen's Association

Kenneth Treschow, a young son of Treesbow, was struck in the head by a hard-apple thrown by Louis Jacobus Monday and painfully hurt. A deep gash was cut in his forehead. He was taken home by Walter Lane.

Bloomfield Lodge No. 40, F. and A. M. at its meeting in Masonic Hall will have very interesting work next Wednesday evening. W. Brother Hare, master of Pyramid Lodge, New York, accompanied by his brethren, will make a fraternal visit and assist in the work.

Abram 8. Hewitt and his friends have arranged to provide a water supply for Midvale, N. J. Recently Mr. Hewitt gave the township a new school-house. It is the intention to dam the Ridgewood River and make a reservoir at Cooper Hill, a mile from Midvale.

Constanti Zbikowski, a saloon-keeper of Bloomfield, has been acting queerly of late and his friends are anxious about him. The Town Council at its last meeting refused to renew the man's license, and this and the circumstance that he had recently borrowed considerable money, it is thought, may have

affected his mind. Henry Eggers, the nine-year old son of Charles Eggers, a shoe-dealer, was run into Monday night by a bicycle ridden by George Smith. The accident happened on Orange Street near Watsessing Centre. Smith saw the boy's danger and lessened the force of the collision by a quick turn of his wheel towards the curbetone, otherwise the Eggers boy would have been badly injured, Smith was thrown from his wheel with great force and considerably bruised.

Charles H. Farrand of Berkeley Ave nue fell from the roof of his house, a distance of thirty-five feet, Tuesday morning and was seriously hurt. The house was recently damaged by fire, and the family moved in but a few days ago. Farrand was at work on the roof when he slipped and fell. In descending he struck two scaffolds, breaking his fall considerably. He was rendered unconscious, and it is believed that he was internally injured, although no bones were broken. His body was badly bruised where he struck against the

In a deed recorded in the county register's office the East Jersey Water Company conveys to the Kearny Water Company all of its "right and privileges and licenses to use of streets and highways" In Belleville and Kearny, together with the water pipe line extending from Jerol-amon Street, Belleville, near the Belleville reservoir, east through the Passaic River to Kearny. The document, which nd, if possible, obtain last, and the consideration given is the cake and dust with powdered

Howard M. Bradley of the High School class of 1899, who will enter Princeton College next, Wednesday, was tendered a reception last night by number of his school friends.

General Manager David Young of the North Jersey Street Rallway Company is quietly at work securing signers for petitions to be presented to the East Orange City Council, asking for trolley lines in Central and Springdale Avenues in that city.

Oval Notes.

The Orange Athletics will play the Irvington A. C. another game on the Oval this afternoon and it undoubtedly will be the best game of the season. The Irvington team have for a long time been anxious to gain championship honors and they showed in the game last Saturday that they are worthy opponents of Orange. The local "rooters" claim that the fleurdelis should have won the game, but on the other hand the Irvingtons have the same think coming and the question of supremacy will be in doubt until the teams meet on Saturday. The Irvingtons are enthuslastic over the prospect of beating Orange and will have their supporters turn out strong and encourage them with loud "rooting." The Orange contingent are particularly urged to keep up their ends, as a win means a great deal to each team. Considerable money has already been wagered on the outcome and taken all together a rather interesting time may be looked for. The teams will be composed of the same players that participated in the game ast week.

Additional Postal Service. The Lackawanna Railroad has been notified by the Postmaster General that twelve new rallway postal clerks have been appointed for duty on that line. They will report to V. J. Bradley, Superintendent Railway Mail Service, New York city. The additional service made possible by these appointments will doubtless be keenly appreciated, as, among other things, it will mean anothand Buffalo. At present the last mail up to mi. the delivery being a fe in Buffalo ears, ext morning. Additional routes ...ve also been provided

ark, Orange, Summit, Washington and Morristown. HOW TO DRINK WATER.

Much Benefit Is to Be Derived from Nature's Best Beverage by Sipping It Slowly.

As a rule it is much better to sip water than to swallow a glassful at one draught. The exception to this rule is in the morning, when one should drink a glassful or two of moderately cold water in order to flush the stomach while it is tubular, says Ladies' Home Journal. At other times, however, sipping the water is much more stimulating in its effect on the circulation. During the action of sipping the nerve action, which slows the beating of the heart, is temporarily abolished, and in consequence the heart contracts much more quickly and the circulation in various parts of the body is increased. Another advantage in sipping is the fact that the pressure under which the bile is secreted is considerably raised. It has been stated on good authority that a glass of cold water slowly sipped will produce a greater acceleration of the pulse for time than will a glass of wine or spirits taken at a draught. Sipping cold water will, in fact, often ally the craving for alcoholic drinks-a point worth remembering by those who are endeavoring to reform.

Fruit Souffle.

Put into a bowl one heaping cupful of fresh whole strawberries or raspberries, those without any hard cores or spots are to be preferred. Sprinkle over them one cupful of powdered sugar and add the unbeaten white of one egg. Beat with a perforated wooden spoon or a silver fork, slowly at first until the berries are broken and mixed with the egg and sugar, then rapidly and continuously until the mass is stiff enough to hold its shape. It takes about half an hour, so do not attempt it until you are blessed with the time and strength. When it is stiff place it in the ice chest until ready to serve. Dissolve one tablespoonful of sugar and one saltspoon of salt in one pint of fresh warm milk. Then stir in quickly one junket tablet and turn at once into a deep glass dish. When firm and cold pile the fruit souffle lightly on the

surface. Boston Budget. Peach Shortenke,

Make a rich shortcake after any preferred recipe and place between the layers sliced peaches, sprinkled with sugar and covered with whipped cream. almonds-Ladies' World.

Political Items.

The publican State Committee expects to give more attention this year then usual to the distribution of campaign literature. This work will be under the immediate direction of Secretary Gibson and Senator Stokes. There is probably no one in the Republican State Committee who is such a strong be-Hever in a literary campaign, or a cam-

paign of education, as Mr. Bryan terms it, than the Cumberland Senator. It was while he was setting Chairman of the State Committee during Chairman Murphy's absence in Europe that Senator Stokes and Mr. Gibson took this matter up.

Already arrangements are making for securing speakers of national reputation to come to New Jersey and whoop it up for the standard-bearers of the two parties. The opening speech on the Republican side was made at last Thursday's State Convention by Senator Burrows of Michigan, who is an effective campaign orator. The Democrats had expected to open the campaign at Jersey City last week with ex-Senator David B. Hill as the orator of the occasion, but Mr. Hill was too busy trying to nominate Comptroller Coler of New York for Governor of the Empire State to find time to come to New Jersey. Mr. Hill, however, informed Robert Davis, the Hudson County leader, that be would be pleased to speak in New Jersey later in the campaign.

The warning given out by United States Senator Sewell in his speech at last Thursday's Republican State Convention against apathy within the party ranks shows pretty conclusively that the supporters of McKinley and Roose velt would like to see a greater manifestation of interest in the campaign by Republicans generally. It is not at all improbable that some one at next Wednesday's Convention will give the Democrats a like warning against party apathy, for it can hardly be said that the Democrats have shown any more activity in this State since the Presidential candidates were named than have the Republicans. The lapse of a couple of weeks' time, when cooler weather shall have set in, will undoubtedly see a big change on both sides of the political house with the campaign in full blast.

Edward S. Wilde of Glen Ridge is beng vigorously boomed for the Eighth District Democratic Congressional nomination.
